PROFESSIONAL SUMMARY

Aspiring software developer with foundational skills in Python, HTML, CSS, and Java, with hands-on experience building web-based projects. Interested in software development, artificial intelligence, and creating practical solutions.

SKILLS

- **Programming:** Python (Basics), Java (Basics)
- **Web Development:** HTML & CSS
- **Core Skills:** Basic Programming Concepts, Problem Solving

PROJECT

Student Complaint & Lost Item Portal

Developed a Flask-based web application for students to submit complaints, report lost items, and track their submissions, with separate access for students and administrators.

- Complaint submission and tracking
- Lost-item reporting and management
- Student and admin access control
- SQLite database integration

INTERNSHIPS

CodSoft — AI Virtual Internship

Completed practical AI tasks including a rule-based chatbot, Tic-Tac-Toe using Minimax, and a recommendation system.

Infosys Springboard — Pragathi Cohort 9

Completed virtual learning and professional development activities through the Pragathi cohort.

CERTIFICATIONS

- X-Factor AI Hackathon 2026
- Prompt Engineering
- AI for Beginners
- Coding Foundation
- Basics of Python
